ABOUT US

Since 2007, Endeks Kimya has been successfully continuing its production activities in the Cleaning, Detergents, and Personal Care categories. With exports to more than 75 countries, it has been among the top 3 in the Cleaning and Detergents category for the last 5 years, contributing to the national economy. The "DOA" brand, created with the expertise and experience of Endeks Kimya, aims to be accessible in all 81 provinces of Turkey, built upon the values of accuracy, trust, innovation, respect for the environment, and a passion for success.

The brand's products, manufactured in compliance with the NSO-NAP 7 Vegan-Vegetarian Standard, are free from animal-derived ingredients, and no animal testing or cruelty is involved. These features differentiate the products from similar ones while meeting the expected quality standards. Additionally, the natural and refreshing fragrances of the products have garnered significant attention.

In addition to exports, Endeks Kimya is one of the leading companies in Turkey in producing private label products within its category. Through its R&D investments, it has expanded its state-of-the-art production facility to 40,000 square meters. Furthermore, with the second manufacturing plant in Kosovo, Endeks Europe, covering 10,000 square meters, the company proudly holds its identity as a global manufacturer while increasing its workforce to 750 employees.

OUR MISSION

We will strive for the highest standards of corporate behavior towards our employees, all business partners, the consumers we interact with, and the environment that we have a significant impact on.

OUR VISION

By placing quality and innovation at the heart of our business, we will develop innovative products in the cleaning, hygiene, and home care categories. With these products, we aim to make consumers' lives easier, allowing them to spend more time for themselves and their loved ones, and become a preferred brand.

OUR QUALITY POLICY

Endeks Kimya aims to implement and develop lean and proactive environmental and energy management systems within the framework of sustainable development principles in its products and production activities. To achieve this: Endeks Kimya perceives all types of waste disposal as a loss of natural resources and develops methods to prevent pollution at its source. It continuously improves energy performance through the design of energy-efficient processes and the procurement of products and services. The company periodically reviews its objectives and goals and ensures the provision of sufficient information, expertise, and economic resources to achieve them. Endeks Kimya conducts its commercial activities using materials with less environmental impact and higher recyclability. While carrying out its activities, the company adopts a quality understanding that is respectful and honest towards people, the organizations they belong to, and the environment.

DOA WASHING MACHINE CLEANER 250 ML

Thanks to its powerful formula, it cleans dirt, lime scale, and detergent residues in your machine. When used regularly, it extends the lifespan of your washing machine and improves washing performance.

DOA WASHING SODA 500 G

DOA Washing Soda offers superior whiteness, vibrant colors, and cleaning that helps prevent limescale with its special white soap scented formula. Thanks to its practical, air- and water-resistant doypack packaging, it provides ease of use and helps preserve the freshness of the product. It can be used safely for both hand washing and machine washing.

DOA STAIN REMOVER 750 ML

With its extra-powerful formula, it easily removes stains and dirt from clothes, sheer curtains, sofas, carpets, upholstery, fabrics, and collar and cuff areas.
Its special formula does not cause fading and helps preserve colors.

DOA DEGREASER 750ML

DOA Degreaser offers a great solution for tackling everyday kitchen grime. It is effective on oily and tough stains, such as those found on stoves, ovens, pots, and pans. It also easily cleans surfaces like kitchen countertops without causing any damage. DOA Degreaser spray is a practical and effective option for kitchen cleaning.

DOA GLASS CLEANER 750 ML

Developed for all types of glass surfaces and windows, DOA Glass Cleaner makes your glass surfaces brighter and cleaner. With DOA Glass Cleaner, you can quickly eliminate dirt and stains on glass surfaces without the need for scrubbing.

DOA HYGIENIC FOAM WITH BLEACH 1 L

A powerful hygienic foam that eliminates tough black stains in the bathroom and toilet within seconds. DOA Bleach-Based Hygienic Foam penetrates deeply into tile and grout lines, providing maximum cleanliness and extra hygiene. Its thick foam formula clings to surfaces, breaks down dirt, and leaves your bathroom sparkling clean. Perfect for a fresh, fast, and effortless cleaning experience.

DOA BATHROOM AND KITCHEN CLEANER 1 L

DOA Bathroom Cleaner and DOA Kitchen Cleaner work together to provide effective cleaning in the two most demanding areas of the home. Thanks to their foaming formula, they cling to the surface, do not run off easily, and act longer on dirt and grease. They offer powerful performance against limescale, rust, and soap residue in the bathroom, and against stubborn grease and tough dirt layers in the kitchen. A practical helper for daily cleaning and an effective solution for heavy dirt.
